

# Your Wedding Album

---

Fine art, archival quality to keep your most precious memories beautifully presented and protected for generations to come.

# Why is a wedding album so important?

## *Legacy*

Your album is produced with archival, fine art and museum-grade materials that won't yellow, fade or age like high street printing. Your album will last for generations to come.

## *Security*

Did you know a USB only lasts 10 years? An album will never crash, outdate or fail. It's the most secure way to preserve your memories for you and your family to cherish for 100+ years. I can't recommend a 'hard copy' enough.

## *Memories*

It's the best way to tell your love story. A perfect ending to your special day that you worked so hard to create. I can curate a design that flows just how the day went so you can be transported to your favourite memory whenever you like.

# How is your album produced?

## Handcrafted in Yorkshire

Hand-bound and using the finest quality cover materials, papers and inks, your album will stand the test of time. My supplier takes so much care when producing your keepsake which is why I trust them wholeheartedly.

## Eco Credentials

Your album is crafted to last a lifetime, but not at the expense of the environment and its delicate global ecosystem. All the materials come from sustainable sources and, wherever possible, they're also 100% recycled.

**Choose the right  
album for *you*.**

## Guest Books

A beautiful keepsake that captures messages, well wishes and advice from your nearest and dearest.

The blank archival pages are perfect for your guests to write handwritten messages and attach treasured images. Each book can be customised with a range of fabric and leather covers and can be personalised with your own cover text to make it truly bespoke to you.

A Guest Book and Fine Art Book are the perfect pairing for a keepsake package. You can mix and match the books so that they sit together in harmony.

# Engraving

---

Using a laser your text or bespoke motif is engraved in to the cover material. The process works by removing the top layer of the material to reveal the natural hues underneath. Engraving is available on most materials.

Available fonts: Bebas, Bombshell, Century, Century Gothic, Courier, Futura, Gill Sans, Helvetica, Magarella, Melinda, Montserrat, Prata, Times, Trajan and Univers.

# Cover Printing

---

## Black

## White

The latest digital technique in personalisation which involves printing directly on to a material in either black or white ink. Available on most materials.

Available fonts: Bebas, Bombshell, Century, Century Gothic, Courier, Futura, Gill Sans, Helvetica, Magarella, Melinda, Montserrat, Prata, Times, Trajan and Univers.

# Debossing

---

Using traditional methods, letters are pressed into the cover without ink or foil for an elegant, classic presentation that's wonderful to the touch. Blind debossing is mostly available on Contemporary Leather and Purity cover material ranges.

Available fonts: Coronation, Helvetica, Bebas & Prata in uppercase characters only.

# Foiling

---

## Gold

## Silver

Heat is used to transfer metallic foil to the album cover for an eye-catching enhancement. Foil debossing is available on a limited range of materials.

Available fonts: Coronation, Bebas & Prata in uppercase.

# 22 Carat Gold & Palladium Finishing

---

## 22 Carat Gold

## Palladium

There's precious little more to say - sometimes only real gold will do. 22 carat gold personalisation is available on leather & Purity covers. Palladium personalisation adds a luxurious 'silver' finish to your book. Rarer than gold, yet non-tarnishing like silver.

Available fonts: Bebas, Bombshell, Century, Century Gothic, Courier, Futura, Gill Sans, Helvetica, Magarella, Melinda, Montserrat, Prata, Times, Trajan and Univers.
